THE GREAT RIVALRY: Or. WHO SHALL CONTROL THE NORFOLK SHOEMARKET, AT WHOLESALE?—Some years ago the Proprietor of the famous Ladie? Shoe Salcon put in his claim to do a large share of this particular branch of the Shoe business, by importing one of the LARGEST STOCKS OF BOOTS AND SHOES which had ever been sent to Norfolk. Since then, at each successive season, our stock has gradually increased until the present time, and now we do a larger business than any other house in Eastern Virginia.

The Ladies' Salcon was first established about twelve years ago, and the Store has been repeatedly altered and enlarged to make room for Mr. ADDINGTON'S increasing trade, until now the old Store can be no longer enlarged. He has recently built for himself one of the largest Stores for his business in the United States.

The New Store is four times as large as the old one, so that hereafter we shall be prepared with the goods to do the largest Boot and Shoe Trade done in the State of Virginia.

(A complete description of this splendid new Store will be given about the 15th of July, when it will be opened.)

At the commencement of each season we have on hand from

127 \$80,000 to \$100,000

worth of BOOTS and SHOES, while we constantly receive heavy shipments of goods during its continuance. Our success has indeed been signal, and why? Because we have always conducted our business on equitable principles, mutually benefiting the seller and the buyer. Ralph Gorrell. John A. Gilmer ways conducted our business on equitable principles, mutually benefiting the seller and the buyer.

This success is truly flattering to us, insomuch we intend Richard Greene David McLean, Richard Sterling, to us, insomuch we intend to make still larger additions to our stock, and therefore invite all Country Merchants and Shoe Dealers to come and deal for the future with us at the new store.

HUNDREDS OF MERCHANTS have already availed themselves of our invitation, who return and buy goods at each season, saying, "they can do better at the LADIES' SALOON than they can do at the North." We guarantee to sell at least 5 per cent. less than others, and to sell goods sen at least 5 per cent. less than others, and to sell goods which will suit the retail trade of Virginia and North-Carolina Marchanta better lina Merchants better than any they may purchase elsewhere. From the numerous applications I have had for the above preparation, for the last few months, the uniform success which has attended its use, its salutary effects, its power to give immediate relief in the severest cases of Tooth-Ache, I have been induced to offer it to those who may be afflicted, with the utmost confidence in its virtue, and the full belief that it will subdue and give entire relief to the severest tooth-ache without the slightest injury to the tooth. I have got (and can get) numerous testimonials of its efficacy—some from distinguished gentlemen, and all from as reliable persons as are in the State, a publication of which I deem unnecessary at 'this time, as one of these Drops when tried in an aching tooth will be worth more to the manufacturer and the patient, than all the certificates from exact were that could be precured. tificates from great men that could be procured. The preparation is known only to myself. Every phial is carefully put up by my own hands in the City of Raleigh, and labelled with directions for use, and may be found at IRA BECKWITH'S Store, on Fayetteville street, a few doors North of the Yarbrough House, and opposite Lawrence's Hotel, where it will be constantly kept for sale either by the wholesale or retail. SURANCE AND TRUST COMPANY.—This Company, as its name indicates, is upon the mutual principle, and embraces two distinct departments, to wit: Life Insurance and Trust departments. This attractive combination offers to Policy holders double the ordinary security, without destroying their right to a full participation in the entire profits of the Company. Premiums will be received, in cash, either annually, semi-annually or quarterly, as may be agreed upon at the time the Policy is issued.

In the TRUST DEPARTMENT, or Deposit System, the payments made to the Company are entirely optional with the Depositor, as regards the amount and the time at which they are made. A party may pay in as much or as little (not less than one dollar,) and as often as may be convenient for him, without any obligation upon him to continue his payments—and may withdraw them at his pleasure.

So that, on the plan of this Company, there is created at one and the same time an Assurance payable at death—a fund available in sickness—and a provision for old age.

We see pamphlets furnished by the Company.

GUNN'S PRIEND; in the hours of affliction, pain and sickness, a safe and reliable guide.—This book points out, in plain language, free from doctors' terms, the Diseases of Men, Women and Children, and the latest and most improved means used in their cure, and is intended expressly for the benefit of families. It also contains descriptions of the Medical Roots and Herbs of the United States, and how they are to be used in the cure of diseases. It is arranged on a new and simple plan, by which the practice of Medicine is reduced to principles of common sense. This invaluable book has passed through many editions: it has now been revised and improved in every respect, and enlarged to nearly double its former size; and contains nine

hundred octavo pages. It does not propose to dispense with physicians in severe cases; but it does propose to save thousands and tens of thousands annually, by putting the means of cure into every man's hands, and of saving many valuable lives (which is of far more importance) by instructing individuals how to check disease in its beginnings, before it has acquired too much strength to resist and overcome.

Within the Territories of Orleans and Louisiana as acquired from France by the treaty of 1803. by Georgia in 1802. 2d. Within the Territories of Orleans and Louisiana, as acquired from France by the treaty of 1803, including the portion of the States of Alabama and Mississippi south of 31 deg.; the whole of Louisiana, Arkansas, Missouri, Iowa, and that portion of Minesota west of the Mississippi River; the Indian Territory; the district called Nebraska; the Territory of Oregon, and the region lying between Oregon and Minesota, north of 42 deg. and south of 49 deg. north latitude. 3d. Within the limits recognized by these treaties and cessions, the public lands covered an estimated area of 1,584,000,000 acres. Exclusive of the lands in Oregon, California, New Mexico, Utah, the Indian and Nebraska Territories, the entire area of the public domain is stated, after a careful expension to be reported at 102,750 acres. tire area of the public domain is stated, after a careful examination, to have been 424,103,750 acres. About one-fourth of this, up to November 30th, 1850, had been sold, and \$135,339,092 received therefor. The aggregate outlay of every kind upon these lands to the same date, including cost of purchase, of surveying, and of selling, was \$74,957,879, leaving as net profit to the government \$60,381,213, or an annual average of nearly a million of dollars for the last 50 years. If there should be added to this, at the rate of \$1.25 per acre, the value of the land granted for bounties, schools, internal improvements, &c., it would amount to nearly double the above sum. The average cost per acre to the government of acquiring title, &c., to the lands is 14.41 cents; of survey, 2.07 cents; of selling and managing, 5.32 cents; in all 21.80 cents; while it receives \$1.25 per acre, or a net profit on each acre sold of \$1.032.
